This Is Not a Rubbish Heap

This is only a photograph of some of the shoes that we rebuild every day. Do not throw away a comfortable pair of shoes because they seem to you to be beyond repair. Let us tell you what we mean by

"NEW SHOES FROM OLD ONES"

We rebuild shoes—we do not cobbler. We retain the flexibility of the sole. We use only the best stock. We employ only the best workmen. The difference between cobbling shoes and factory repairing is worth knowing.
